

# Holiday Let Hot Tub

# The perfect addition to your holiday home

Add a touch of luxury with a Platinum Spas holiday let hot tub. A hot tub is the perfect addition for Holiday Cottages, Villas, Holiday Parks, B&B's, Luxury Retreats and Glamping. Proven to increase occupancy and revenue by up to 60%, adding a hot tub to your business is essential.

The holiday let hot tub seats five people with 40 jets and meets the HSG282 guidelines which enable businesses to be able to offer a hot tub for financial gains.

Designed purely for the holiday let market this hot tub offers a basic layout with no breakable or removable components and designed for heavy usage. The robust but minimalistic design perfectly complements any garden, decking or outdoor area. Plus, add our WiFi module and monitor the status and access the settings of your hot tub directly from your mobile phone.

## Gecko in.touch 2

Gecko Alliance's in.touch 2 ultimate mobile remote control for your hot tub.

### Access your hot tub anywhere in the world.

No matter where you are, you're always in control with your hot tub.

The in.touch app provides you with the interface to control all of your hot tub functions, transforming your mobile device into a remote control using wireless or cellular Internet connection.

#### Access spa features from your phone:

The app allows you to use the industry's easiest water care management and set your temperature settings.

#### Water care is just a tap away:

Choose your preferred setting from Beginner, Away from Home, Energy Savings, Super Energy Savings or Weekender, and in.touch does the rest.

#### Requirements:

To use this app, you need the in.touch 2 modules from Gecko Alliance. There is no compatibility with the in.touch first generation.

### The ultimate mobile remote control for your hot tub

Connect it to any smartphone or tablet. The perfect app for owners who want to connect their hot tubs to the internet. It's easy to setup and configure – which saves you time and money.
